# TABLE OF CONTENTS

## DAFLON 500 MG AND THE LYMPHATIC PUMP: THERAPEUTIC VALUE IN CHRONIC VENOUS INSUFFICIENCY

Pathophysiology of Lymphoedema  
**PS Mortimer** ................................................................. 3  
Pharmacological Activity of Daflon 500 mg on Experimental Lymphoedema  
**JR Casley-Smith, Judith R Casley-Smith** ............................. 7  
Microlymphography: Assessment of Daflon 500 mg Activity in Patients with Chronic Venous Insufficiency  
**C Allegra, M Bartolo, B Carioti, D Cassiani, MG Besse Boffi** .......................... 12  
Magnetic Resonance Imaging A New Method to Assess Edema in Patients with Chronic Venous Insufficiency  
**E Insua, J Viaño, A Galindo, JA Jiménez Cossío** ....................... 17  
Retrospective Study of 500 Patients with Lymphoedema  
**JL Ciucci** .................................................................. 21  
Effect of Daflon 500 mg on Lymphedema Secondary to Breast Cancer Treatment  
**AP Pecking, JL Floiras, P Rambert, A Boudinet, S Lasry, JR Garbay, G Pillion, J Rouëssé** .... 25  
Benefits and Limitations of Different Therapies for Lymphoedema  
**Judith R Casley-Smith, JR Casley-Smith** ................................... 29  

## EMBRYOLOGY, ANATOMY AND LYMPHGENESIS

Control of Lymphangiogenesis  
**MH Witte, CL Witte, D Way, M Bernas** ................................. 37  
The Migration of Lymphocytes in the Interfollicular Lymphatic Vessels of the Intestinal Peyer’s Patches  
**G Azzali, ML Arcari** .......................................................... 41  
The Organization of Lymphatic and Blood Vessels in the Peyer’s Patches of the Small Intestine and Colon  
**G Azzali, ML Arcari** .......................................................... 45  
Morphofunctional Effects of Thoracic Duct Ligature in the Dog  
**P Boaventura, A Ribeiro, P Rodrigues, N Grande** ..................... 49  
Pericoronary Lymphatics in Dog Hearts  
**O Eliska, M Eliskova, AJ Miller** .......................................... 53  
Blood Vessels and Lymphatics in the Venous Ulcer  
**M Eliskova, O Eliska** .......................................................... 57  
Morphological Characteristics of the Intramural Lymphatics in the Collapsed and Distended Urinary Bladder of the Monkey  
**RC Ji, S Kato, M Miura, H Shimoda, T Kudo, T Usui** .................. 61  
Histochemical Demonstration of the Intramural Lymphatic Networks in the Digestive Tract  
**H Shimoda, S Kato, T Kudo** ............................................... 65  
Histochemical Characteristics of the Endothelial Cells of the Subcapsular Sinus in the Monkey Mesenteric Lymph Node  
**S Kato, RC Ji, M Miura** ...................................................... 69  
Backscattered Electron Imagings of the Enzyme-Histochemical Activity of the Lymphatics and Nervous Systems in the Small Intestine  
**S Kato, H Shimoda, RC Ji** .................................................. 72  
The Fine Distribution of the Lymphatic Networks in the Human Gallbladder  
**T Kudo, S Kato, H Shimoda, RC Ji, Y Uchida** ........................... 75  
Morphological Peculiarities of the Lymphatic Capillaries in the Masticatory and Lining Mucosa  
**C Marchetti, P Poggi, A Icaro Cornaglia, S Rizzo, R Rodriguez y Baena** .............. 79  
Visualization of the Lymphatic Vascular System in the Human Dental Pulp  
**Y Matsumoto, S Kato, G Tachibana, M Miura, S Yanagisawa** ........... 83  
Structural Organization of the Initial Lymphatics in the Monkey Spinal Meninges as Revealed by an Enzyme-Histochemical Method  
**M Miura, S Kato, RC Ji** ...................................................... 86  
Lymphatic Vessels in Normal Human Thymus  
**P Poggi, C Marchetti, R Scelsi** ............................................... 91
Lymphatic Structures Fibrosclerosis Determined by Lymphostasis and its Effects on Connective Tissues  
FC Rada, N Tudose, H Cristian, V Sântimbreanu, V Bercenanu, IO Rada  95

Difference in Migration Pattern Between T Lymphocytes Originated from Intestinal Lymphatics and Peyer’s Patches  
H Serizawa, S Miura, Y Tsuzuki, T Shigematsu, R Hokari, H Fujimori, Y Hamada, M Tsuchiya, H Ishii  99

Quality Control in a Tissue Culture Laboratory in Lymphology: Issues and Guidelines  
D Way, MH Witte, CL Witte, M Bernas, L Fuchs  103

LYMPHATIC PHYSIOPATHOLOGY

Clearance of Intramuscular Albumin from Exercising Human Skeletal Muscle  
E Havas, V Vihko  109

Interleukin-1 in Peripheral Blood of the Lymphedema Patients with Acute Cellulitis  
M Ohkuma, E Okada  113

Immunohistochemical Examination of Superficial Lymphangioma, Lymphangiectasia, Portwine Nevus and Angiokeratoma  
M Ohkuma, T Uesugi, S Hashimoto  115

Leukocytosis and Elevated CRP in Acute Cellulitis in Lymphedema  
M Ohkuma  119

Lymphedema and HLA  
M Ohkuma, Y Kanemitsu  123

Lymph Cytokines in Obstructive Lymphedema—A Sign of Chronic Inflammatory Reaction  
WL Olszewski, S Jamal, G Manokaran, H Galkowska, I Grzelak, M Zaleska  126

Cytokines in Lymph Drained From Foot in Rheumatoid Arthritis  
WL Olszewski, J Pazdur, I Grzelak, P Sliwinska-Staneczyk, E Kubasiewicz, E Kaminska-Tchorzewska, I Morawska, M Zaleska  132

Inducible Nitric Oxide Synthase Participates in the Pathogenesis of Acute Localized Cellulitis Complicating on Skin Lymphedema  
E Okada, M Ohkuma  139

MICROCIRCULATION AND LYMPH FLOW

Models of Lymph Flow Dynamics in Oedema  
JR Casley-Smith  145

Phenotypic Expressions of Bovine Lymphatic Endothelial Cell in Cultures as Studied by Immunohistochemistry  
C Marchetti, A Casasco, A Di Nucci, M Casasco, M Reguzzoni, S Rosso  148

Effects of Mechanical Massage on Uptake of Tumor Cells From Interstitial Space into Initial Lymphatics  
F Ikomi, H Nojiri, T Ohhashi  152

Study of the Skin Laser Doppler Flux in Limb with Lymphoedema Compared to the Safe Clinical Side  
M Moulinie, M Evrard, M Gracia, V Bailleaux, C Janbon  156

The Antagonistic Effect of Lymph on Shock in Rat  
CY Niu, J Zhang, T Yao, G Fan  159

Vascular Endothelial Growth Factor (VEGF) in the Human Cutaneous Initial Lymphatics  
M Ohkuma, T Futasugi, S Hashimoto  163

Immunohistochemical Examination of the Collecting Lymphatic and the Vein  
M Ohkuma  166

A Novel Monoclonal Antibody Specific for Lymph Dendritic Cells  
H Galkowska, WL Olszewski, B Interewicz, A Porebska, U Wojewodzka  169

Tissue Fluid and Lymph Proteins in Obstructive Lymphedema—Low, Normal or High?  
WL Olszewski, S Jamal, G Manokaran, V Kumaraswami, FN Tripathi, A Engeset  174

Influence of Mechanical Trauma on Lymphatic Outflow from the Limb  
G Szczesny, A Veihelmann, D Nolte, R Leiderer, E Schutze, WL Olszewski, K Messmer  181

Tissue Fluid and Lymph Pressure Flow in Patients with Obstructive Lymphedema  
WL Olszewski, S Jamal, FM Tripathi, G Manokaran  186

LYMPHODRUGS

Benzo-Pyrones in High-Protein Oedemas  
JR Casley-Smith, Judith R Casley-Smith  197
