Education

- Ph.D.** University of Minnesota, 1997
Major: Management Information Systems
Minor: Speech Communication
- M.B.A.** Syracuse University, Syracuse, NY, 1991
Concentrations: Management Information Systems and Organizational Management
- B.A.
with Honors** Keuka College, Keuka Park, NY, 1983, Magna Cum Laude
Major: Mathematics

Experience

- **University of Arizona**, Eller College of Management, Tucson, AZ. 2005 – present.
Associate Professor, Management Information Systems Department
- **Hong Kong University of Science and Technology**, Summer 2007.
Visiting Scholar, Department of Information and Systems Management
- **Indiana University**, Kelley School of Business, Bloomington, IN. Fall 1996 – 2005.
Assistant Professor, (Accounting and) Information Systems Department (1997-2005).
Convertible Lecturer, Accounting and Information Systems Department (1996-1997).
- **University of Minnesota**, Carlson School of Management, Minneapolis, MN. 1991-1996.
Teaching/Research Assistant, Information and Decision Sciences Department.
- **Syracuse University**, School of Management, Syracuse, NY. 1988-1991.
Teaching Assistant; Quantitative Methods Department
Adjunct Instructor, Quantitative Methods Department.
- **Mutual of New York Credit Union**, Syracuse, NY. 1991
Systems Consultant.
- **A. L. Lee Memorial Hospital**, Fulton, NY. 1984-1988.
Programmer/Analyst 1984-1985
Data Processing Manager 1985-1988

Research

My primary research interests focus on the adoption and diffusion of information technology by organizations and individuals. In general, I am interested in the overall process of finding, evaluating, implementing and using information technology. I am also interested in how people use communication technologies in educational settings and organizations, and how theories of traditional communication translate into the electronic environment. Finally, I am interested in learning as it relates to both organizations and individuals. I rely primarily on survey methods, though I have also conducted experiments and case studies.

Teaching

My teaching interests are in the areas of design, implementation, and management of information systems. My teaching revolves around three beliefs: (1) students must actively participate to learn, (2)

students will actively participate when they perceive that the instructor is interested in them, their learning, and the topic, and (3) teaching and learning should be challenging, yet fun, activities. My primary goal is to provide a classroom environment where even the quietest students participate in some manner and wrong answers are seen as learning opportunities. To do this, I rely on active learning techniques, critical thinking exercises, and cooperative learning groups.

Courses Taught at the University of Arizona

Graduate

MIS 585: Strategic Management of Information Systems (MBA Core; Fall 2005, 2006, Spring 2008)

MIS 596a: Topics in Behavioral MIS Research (PhD; Fall 2007)

Undergraduate

MIS331: Database Management Systems (Fall 2006, Fall 2008)

Other Courses Taught

Graduate – Indiana University

- S605: Collaborative Technologies (Ph.D., Spring 2005)
- S606: IS Management and Strategy (Ph.D., Spring 2004)
- S520: Database Processing (Fall 1997, Fall 2003)
- S507: Management of Information Technology (Fall 2002, Fall 2003)
- S532: Business Information Systems (Summer 1998 with A. Massey; Summer 1999 and 2000 with R. Venkataraman; Summer 2002, 2003 alone)
- S500: MSIS Integrated Core (Fall 2002 with G. Marakas)
- S602: MIS Research Topics in Administration and Technology (Ph.D., Fall 2000 with R. Venkataraman; Seminar taught jointly with University of Texas, Austin S. Jarvenpaa)
- S508: Information Systems (Spring 2000)
- S545: Corporate Transformation (Spring 1998 -- team taught)

Undergraduate – Indiana University

- S400: Integration of Systems and the Business (Fall 2004, Spring 2005)
- S302: Management Information Systems (Spring 2004)
- S315/S307: Data Management (Fall 1996, Spring and Fall 1997, Fall 1998, Spring and Fall 1999; Spring and Fall 2001; Spring 2003; Fall 2004)
- S310: Systems Analysis and Design (Spring 1998)

Other Undergraduate Courses

- Fundamentals of Information Development and Use (Summer and Fall, 1995)
- Decision Support and Expert Systems (Fall 1994)
- Quantitative Methods for Decision Making (Spring and Summer, 1991)
- Statistical Analysis (Summer 1990 - Summer 1991)
