

TABLE OF CONTENTS

PLENARY LECTURES

Lymphology in the Second Millennium <i>M Földi</i>	3
The Avian Model in Studies of Embryonic and Tumor-induced Lymphangiogenesis <i>J Wilting</i>	14
Lymphatics Require Two Valve Systems <i>GW Schmid-Schonbein</i>	16
Morphology and Function of Interstitial Matrix, Vessels and Cells in Chronic Lymphoedema <i>P Ruck, E Kaiserling</i>	17
AIDS, Kaposi Sarcoma, and the Lymphatic System: Lymphologic Perspective on the Known and the Unknown/Undone: Update 1999 <i>MH Witte, CL Witte</i>	18

BASIC LYMPHOLOGY: MORPHOLOGY/PHYSIOLOGY/ PATHOPHYSIOLOGY

Lymph From Inflamed Tissues Provides Information on Local Immune Reaction to Drugs <i>WL Olszewski, H Galkowska, A Ziolkowska, M Zaleska</i>	25
Simulation of Physical Treatment Modalities in a Rodent Model of Peripheral Lymphedema <i>M Bernas, L Lee-Donaldson, P Summers, B Kriederman, L Ortiz, BD Stea, MH Witte, CL Witte</i>	30
Effect of Vascular Endothelial Growth Factor on Microcirculatory Water and Protein Flux in the Rat Intestine <i>C Martin, M Witte, M Bernas, D Way, F Travis, C Witte</i>	32
Capillary Filtration Coefficient in Lymphoedema Patients With Normal Lymphangioscintigraphy <i>CF Petlund, E Stranden</i>	35
Lymphatics of the Skin <i>TJ Ryan</i>	39
Presence of Thrombomodulin in the Human Initial Lymphatic Shown by Immunohistochemical Method <i>M Ohkuma, T Nishioka</i>	41
Apoptosis and Free DNA in Human Peripheral Lymph <i>B Interewicz, H Galkowska, WL Olszewski, NE Miller</i>	46
High Content of Adipose Tissue in Chronic Arm Lymphedema-A Limiting Factor for Treatment Outcome <i>H Brorson, M Aberg, H Svensson</i>	52
Liposuction of the Lymphatic System - An Anatomical Study of the Lower Legs <i>RGH Baumeister, JN Hoffmann, A Frick, R Putz</i>	55
Detection of Tissue Fluid Changes by Bioimpedance in Arms at Risk of and with Clinically Manifest Lymphoedema Subsequent to Breast Cancer Surgery <i>NB Piller, A Esterman</i>	58
Unexpected Histopathological Findings in Peripheral Lymphedema <i>A Dellachà, F Boccardo, A Zilli, F Napoli, E Fulcheri, C Campisi</i>	62

ANGIODYSPLASIAS AND GENETICS

Effect of Complex Decongestive Physiotherapy on Gene Expression in the Inflammatory Response of Lymphedema <i>E Földi, B Henning, A Sauerwald</i>	67
The “Syndrome of Conjunctival Lymphedema” <i>E Földi</i>	70
Lymphedema-Angiodysplasia Syndromes: Genetic and Developmental Update <i>M Witte, M Bernas, R Erickson, M Andrade, C Witte</i>	74
Classification and Treatment of Lymphatic Malformations <i>G Tasnádi, R Mattassi</i>	77
Mayall’s Syndrome <i>C Campisi</i>	81
Hyperstomy Syndrome <i>RC Mayall, ACDG Mayall, JC Mayall, J Freitas, MF Almeida, F Vidinha, WF Azevedo Jr</i>	90

IMAGING

An Imaging Evaluation of Angiodysplasia Syndromes <i>CL Witte, MH Witte</i>	105
Computer Tomography and Magnetic Resonance Imaging of Enlarged Extremity: Differential Diagnosis of Lymphedema <i>J Bruna</i>	109
Computer Tomography Characteristics of Benign and Malignant Lymph Nodes <i>J Bruna, J Brunova</i>	113
Lymphatic and Venous Changes in Lower Limbs After Mechanical Trauma <i>G Szcz “sny, WL Olszewski</i>	117
Lymph Absorption and Transport in Acute Deep Venous Thrombosis <i>MFC Andrade, CA Buchpiguel, N De Luccia, P Puech-Leão</i>	121
Lymph Transport and Absorption of Radiotracer into the Bloodstream After Hindpaw Injection in Ferrets With and Without Filariasis <i>M Bernas, CL Witte, G McNeill, W Williams, MH Witte</i>	126
Sentinel Node Mapping in Malignant Melanoma by Radionuclide Scintigraphy and Blue Dye <i>W Williams, G McNeill, J Warneke, D Patton, J Woolfenden</i>	129
The Role of Radionuclide Scintigraphy and Blue Dye in Sentinel Node Localization. <i>GC McNeill, WH Williams, J Warneke, JM Woolfenden, DM Patton</i>	134
Lymphatic Imaging: Summary of Available Technics <i>RV Cluzan, AP Pecking</i>	136
Management of Oedema: about the Efficiency of Diathermia (2450 MHz): A Lymphoscintigraphic Reflection Rheographic Study on Lymphatic and Venous Reabsorption <i>Ph van der Veen, F Kempnaers, S Vermijlen, Ch Van Waeyenberghe, E Kerckhofs, A Boaauyt, P Van Den Branden, P Lievens</i>	137

LYMPHATIC FILARIASIS

Mycotic Flora of Legs with Filarial Lymphedema <i>WL Olszewski, FN Tripathi, G Manokaran, S Jamal, V Kumaraswami, K Purushothama, E Stelmach, M Zaleska, E Swoboda</i>	141
Long Term Follow Up of Filarial Edema with (Conservative) Medical Management <i>S Jamal, SP Pani</i>	144
Filarial Lymphoedema - Reduction by Surgery Immediate and Late Results <i>S Jamal, SP Pani</i>	147
Management of Lymphoedema in India - A Suggested Protocol for Prevention and Treatment <i>JR Casley-Smith</i>	151
Molecular and Immunological Characterisation of a <i>Brugia Malayi</i> L3 Stage Specific Gene,	

Alt-2, Putative Vaccine Candidate for Human Lymphatic Filariasis <i>R Salbarinathan, RB Narayanan, JSMcCarthy, K Jayaranian, P Kallraj</i>	155
Immunosuppression in Microfilaraemics in Bancroftian Filariasis <i>RB Narayanan</i>	156
Epithelial Apoptosis and NF-6B Regulated Cytokine Gene Expression in Tropical Pulmonary Eosinophilia Induced Lung Damage <i>B Krishnarnoorthy, K Narayanan, A Balakrishnan</i>	157
Characterisation of Brugia Malayi Translationally Controlled Tumor Protein (TCTP) Cloned in Escherichia Coli <i>M Gnanasekar, KVN Raja Rao, RB Narayanan, A Scott, K Jayaraman, P Kaliraj</i>	158
Detection of Circulating Filarial Antigen of Wuchereria Bancrofti and Brugia Malayi Patients Using Monospecific WbSXP Antibodies <i>D Eawaran, M Gnanasekar, RB Narayanan, TB Nutman, P Kallraj</i>	159
Immune Response to non Parasite Vaccine Antigens in Human Lymphatic Filariasis <i>S Suba, P Kaliraj, S Srinivasan, T B Nutman, RB Narayanan</i>	160
Accessory Cell Functions in Filariasis <i>B SasiSekhar, M Aparna, P Kaliraj, RB Narayanan</i>	161
Histopathology and Immunohistopathology of Skin of Different Grades of Lymphoedema (W. Bancrofti) in South India <i>A Elango, KP Paily, SP Pani, J Yuvaraj, MP Anand Paul Kumar</i>	162
Role of Aerobic Bacteria in the Aetio- Pathogenesis of Acute Adenolymphangitis (ADL) in Filarial Lymphoedema <i>N Vijayalakshmi, RS Rao, MP Anand Kumar, J Yuvaraj, SP Pani</i>	163
Lymphoscintigraphic Assessment of Filarial Lymphoedema <i>TMR Panicker, M Paul Korath, K. Jagadeesan</i>	164
Protean Manifestation of Lymphatic Filariasis <i>VR Chitale</i>	165
Immunomonitoring Followed by OpDEC Therapy in Management of Lymphatic Filariasis in an Endemic Area <i>BC Harinath, MVR Reddym VK Mehta</i>	166
Immunological and Histochemical Changes in Filarial Lymphoedema <i>P Jain, M Agarwal, U Singh, NC Arya</i>	167
Challenging Role of Zeneca Public Health Products, Icon@ and Acetellic@, in the Control of Malaria, Filariasis and Other Vector Borne Diseases <i>C Krishna Rao</i>	168
Molecular Characterization of Hsp70 from Human Lymphatic Filarial Parasite Wuchereria Bancrofti <i>V Ravi, J Kubofcik, M Geetha, RB Narayanan, K Jayaraman, TB Nutman, P Kaliraj</i>	170
Lymphonodovenous Shunt for Filarial Lymphedema Reasons for Success and Failure <i>V Govardhana Rao, N Ananthakrishnan, SP Pani, V Kate, J Yuvaraj, K Krishnamoorthy</i>	171
The Science and Art of Lymphatic Filariasis. Elimination in India: Hopes for the Next Millennium <i>NC Appavoo, SP Pani, KP Das. Department of Public Health and Preventive Medicine, Government of Tamil Nadu, Vector Control Research Centre, World Health Organization, and Indian Council of Medical Research, Pondicherry, India (Reproduced with permission)</i>	173

LYMPHEDEMA AND TREATMENT

Arm Morbidity After Breast Conserving Therapy for Breast Cancer <i>I Tengrup, L Tennvall-Nittby, I Christiansson, M Laurin</i>	195
Does Physical Treatment of Lymphedema Reveal An Unrecognized Arterial Hypertension or Aggravate a Well Recognized Hypertension? <i>A Pissas, K Rzal, E Bessueille, N Salloum, O Abrieu, G Allard Latour</i>	196
The First Consultation: A Real Challenge for Lymphologist and the Cornerstone of the	

Treatment of Lymphedema <i>A Pissas, K Rzal, E Dautheville, J Robert, G Mialhe, S Delrieu</i>	201
Lymph Drainage Therapy (LDT): Manual Lymphatic Mapping (MLM) and its Clinical Applications to Lymphedema <i>BJ Chikly</i>	204
Management of Lymphoedema in Rural Areas <i>TJ Ryan</i>	208
Wishes for Lymphology in the Next Millennium <i>JR Casley-Smith</i>	211
A Review of Clinical Trials of Benzo-Pyrones <i>JR Casley-Smith</i>	213
Trial Treatment of Lymphedema by Vibration <i>M Ohkuma</i>	218
A Pilot Study on Prevention of Secondary Lymphedema <i>F Boccardo, A Zilli, M Pianezza, E Pasero, A Macció, F Napoli, C Campisi</i>	222
Early and Late Decreased Shoulder Mobility and Arm Lymphedema After Breast Cancer Treatment. A Prospective 6-Month Study With Two Year Follow-Up <i>K Johansson, M Albertsson, C Ingvar, C Ekdahl</i>	226
The Patient with Lymphedema...Our Best Collaborator? <i>E Richter, H Caldevilla, J Richter</i>	229
Maiquen - A New Drug for Treatment of Chronic Lymphedema <i>N Liu, J Zhang, H Song, Q He, Q Liu, Z Lin</i>	233

LYMPHATIC SURGERY AND MICROSURGERY

Microsurgery for the Treatment of Peripheral Lymphedema: 25 Years Clinical Experience <i>C Campisi</i>	239
Lymphatic-Venous-Lymphatic Plasty in Reconstructive Lymphatic Microsurgery: Long Term Outcome <i>F Boccardo, A Zilli, M Pianezza, E Pasero, A Macció, F Napoli, C Campisi</i>	244
Complete Reduction of Arm Lymphedema After Breast Cancer by Liposuction-5 Year Results <i>H Brorson, M Aberg, H Svensson</i>	250
Microsurgery and Endoscopy in the Treatment of Lymphatic Blockades <i>RGH Baumeister, A Frick, J Krumbach</i>	254

REHABILITATION

Partner Training as an Effective Means of Managing Chronic Arm Lymphoedema Subsequent to Breast Cancer Surgery <i>NB Piller, J Rice, R Heddle, A Miller</i>	261
Quality of Life Scale in Upper Limb Lymphoedema—A Validation Study <i>R Launois, F Alliot</i>	266
Study of Complex Decongestive Physiotherapy Results in Patients with Lymphedema and Perception of These Results <i>F Alliot, M Pascot, S Ghabboun, RV Cluzan, R Launois</i>	271
The Impact of a National Lymphedema Network <i>S Thiadens</i>	275
Author index	281
